

### 3 STAR EVENTS ON TO-DAY FOR FUND

Tea at Vanderbilt Hotel, With  
Mary Garden Among Those  
Who Will Entertain.

### GIRLS TO INVADE BRONX

Masked, They Seek Smokes  
Money—Wall St. to Hear  
Mme. Clerget.

Ever since THE SUN Tobacco Fund started on July 1, every day has been a great day, but here and there in that short interval of unrelenting success there has come one that must be underscored heavily. This is one of those days. Here are the reasons why it is a three star day:

From the hour of 4 until the hands of the clock point to 6 the Delta Robbia room in the Vanderbilt Hotel is to be given up to the cause. Of all the festive occasions that have been inaugurated in behalf of THE SUN and there have been few which hold within two hours such a measure of enjoyment.

For the thousands who have been in the Vanderbilt during tea time there is no necessity of dilating upon the quality of the service. For those who have not let them take the word of THE SUN that it is unequalled. An added flavor will be gained from the fact that out of the per capita tax of one dollar, half will go into the fund and thus is converted into smokes for soldiers.

It will not be tea alone. There will be a concert as a feature one that comprises the finest talent in New York. As contributors in this department the volunteers include Gladys Hansen, Dolores Casanelli and Alfred Newman. Also there will be Joseph Pader's orchestra.

Furthermore, the afternoon will be graced with the presence of Mary Garden, fresh from her war triumphs abroad—triumphs which have gained her recognition in two media. Miss Garden will tell of the supreme conflict. That makes rather a complete afternoon, does it not? But wait, there is more to come.

Theatre Box to Be Auctioned.

As an added attraction there will be the inaugural auction of the theatre box at the Harris Theatre, where "Daybreak" has been filling the house for two weeks. Through the kindness of the Selwyn company one of the stage boxes has been set aside for the tobacco fund. It will be let out on bid this afternoon.

If you are a smoker, there is no happier way of ending the weariness of the afternoon than by attending this tea. If you have cars that harass you go to the Vanderbilt and shed them. If you are seeking mental relaxation, this is the place for it. If you are a fund enthusiast there can be no better way of doing a double service, one for yourself and the other for our men in France. This ought to include every one; if it does not consider yourself included.

A few hours earlier—at noon to be exact—there will transpire in the Wall Street district an auto truck on which has been installed a Behning platform. From this truck Mme. Germaine Clerget will sing to the business men while Chevalier Oscar Spireaux accompanies her. Her purpose in entering into this democratic contact—an unheard-of departure for an operatic star—is to add to THE SUN fund total.

Mme. Clerget is heart and soul with the boys of Uncle Sam in France. She looks to them to obtain the freedom of her daughter, who is a prisoner in the hands of the Germans in Belgium. When the war broke out she was in Paris with her husband. Her daughter, with her grandmother, was to follow. But the German invasion shut off all communication between her and her child. She has not seen the baby since nor has she had a word of her. The American soldiers, she believes, will roll back the German hordes and give her daughter back to her. That is why she is so earnestly striving for them. Every man who assists in the invasion of the financial district will be unlocking one of the doors that holds her apart from her beloved.

Third Star Event.

Now then for the third star event. This is to be staged in the Bronx and starts forth as one of the most novel enterprises that has been put on foot in behalf of the fund. It is to be conducted by sixteen young women who make attractive the tawdry musical comedy, "The Night Clerk," now playing in the Bronx Theatre, of the Keith chain.

Garbed in the costumes of the West when it was wild and woolly, their pretty faces partly hidden behind the masks of road agents these young women will rally forth for their holdup. The final touch in realism will be imparted by the Deadwood mob, pulled by two span of horses, in which they will ride toward their quarry.

At the point of deadly looking guns—don't be afraid, they will not be real—these young women will take up collections for the fund. Those who withstand the onslaught of these young women do so at their own peril. We look forward eagerly to the results of this raid. It will give the men in France something to chuckle over.

That hits the team in three directions, the day's campaign. However, there is an event coming that should be the banner one of the week. We speak of the monster baseball carnival to be staged next Saturday afternoon on Ebbets Field, the stadium of the Brooklyn ball team. The grounds have been loaned to the fund for this day by Charles H. Ebbets, who has responded many times in aid of the fund.

This is to be the game that is to begin the drive of the American Junior Naval and Marine Scouts, the organization of boys which will commemorate their year of existence by campaigning all next week for the fund.

Big Ball Game Monday.

One of the contenders in the contest will be the championship team of the United States Navy. The other team is a dark horse, and on their request we must keep identity secret for another day. They feel certain they can clip the wings of the navy team. Sundown of Saturday will tell.

It will not be a day given exclusively to baseball, however. Before the game the spectators will have an opportunity to witness the evolutions of the company of the marines—those boys who are first in everything. Major Howard Kipp has developed these men to an extreme standard. Their drill should serve as an inspiration.

Also we will have there the navy yard band, which ranks with the foremost. And there will be singing by some of the most talented young men in town. Probably we could command a high price for admission to the field on a day which holds so many good things, but the charge will be only 25 cents, the price of "Old Glory," the official song of the American Junior Naval and Marine Scouts. Every one who passes through the gates will receive a copy of this rousing anthem. So, as a matter of fact, admission will cost nothing.

Every borough of the city is alive with the dynamic energy exerted by the men in command in the American Junior Naval and Marine Scouts. Take Brooklyn, as an example. Over there Commissioner Albert Wood of the organiza-

tion has his 450 boys and their band in full readiness to begin.

He has lined up the Empire, the Mail, the Sun, the Journal, the Leader and the Central, to feature the song which is to be sold at the standard price of 25 cents. The hotels have been organized for the drive and so have the restaurants, office buildings.

House of Roll of Shave.

Commissioner Robert S. Bolger, in charge of Queens, has the following motion picture theatres in his list: The Garden, Jamaica, Majestic and Maple. In addition to hotels, restaurants, Major Ronald MacGregor, in charge of Borough Park, Bath Beach and Bayside, will be assisted by 22-Alderman John J. Meagher, Borough Park; Benjamin J. Moran, real estate agent, Borough Park; Father Della Pietra, St. Rosalie's Church, Sixty-third street and Fourteenth avenue, Borough Park, seven principals of public schools 112, 140, 181, 48 and 193. Also the following moving picture theatres: West End, Garden, Royal, New Moon, Hamilton and Paradise.

Commissioner John H. Parsons, in charge of the Borough of Richmond, has cultivated every possible resource for the campaign.

In Manhattan Major James H. C. Smythe with his 2,500 Scouts will open the eyes of Gotham with the extensive use of his plans. He is to give a feature: The Hippodrome yesterday granted permission for the boys to work in the lobby, so the supply of smokes may be increased.

One of the handsome medals that ever set upon the chest of a boy will be awarded for patriotic service to every Scout in uniform who sells 100 copies of the song. It did not need this incentive to get the boys up on their toes, but the promise of it guarantees their assistance to the last ounce of energy.

Two Brooklyn clubs yesterday entered the main tent. One of them, the Claridon Club, is to hold Junior and ball in Arion Hall next Saturday night. The Jazzist of bands and a group of professional entertainers will give added joy to the occasion. Part of the proceeds is to go into the fund.

Club Ready to Help.

The other club is the Wayne Athletic of East New York. Throughout the winter season this organization, which has fifteen men in Uncle Sam's service, is to conduct a series of dances. These are to be given twice a month and part of the proceeds of the dances on the last Saturday in each month is to go into the fund. More power to both these unselfish groups.

No day is complete without calling attention again to the boxes which are in the Scheraga Cigar store. Every coupon and certificate you drop into these receptacles goes into smokes for those brave fellows "over there."

The Scheraga Cigar store, which shows the results attained thus far, ought to commit you to the practice of dropping your United and Mutual slips in the boxes so long as the fund lasts. Up in New London, Conn., recently the Shenectady Country Club held a golf tournament. We do not know how it turned out, except that the men participating added \$57 to the fund. This was transmitted yesterday by C. S. Krom, manager of the Griswold.

Contributions that came yesterday from our friends the repeaters. Mr. Every Week came in with his fourteenth subscription, H. S. of New Rochelle forwarded his third monthly installment, and the eleventh dollar floated in from B. F. Bardo of West Haven, Conn. Also Walter and Stafford passed the hundred mark with their check for \$35 derived from the sale of their song.

The Fund Now Stands:

THE SUN and THE EVENING SUN, \$2,000.00  
United Cigar Stores boxes, 18,725.00  
Previously acknowledged, 11,125.00  
Total, \$31,850.00

Shipped and paid for, \$45,000.00  
Cash balance, \$2,575.79  
Secured through the Cigar Stores, \$310.00

Grand total, \$79,525.79

The third monthly installment from "H. S." of New Rochelle, \$2.00  
J. C. Perry, 48 West End ave., \$2.00  
Charles J. Newman, Great Neck, \$2.00  
Mr. Every Week No. 14, \$2.00  
H. S. of New Rochelle, \$2.00  
Mrs. Joseph Mendicino, Holland House, 34th ave. and 5th st., \$2.00  
H. Fred Logan, \$2.00  
Donald A. Gold, \$2.00  
sent in by C. S. Krom, manager, \$7.00  
Total per cent. of receipts of song, 20%  
"I'm Going to Be a Soldier and Fight for the U. S.," by H. S. of New Rochelle, \$2.00  
A. Stafford, Gaiety Theatre, \$2.00

WHO WANTS SOME SHEEP?

Board of Water Supply Embarrassed by Possession of Flock.

Father Knickerbocker is looking for Little Bo-Peep. He has her sheep and does not know how to lose them. They are up on the Aqueduct, where they have been adding gradually to the sheep population until the flock is large and wild. The Board of Water Supply found itself owner of the flock by the common law, but it had no idea what a water board ought to do with fresh meat until the suggestion was made that the sheep might be sold for butcher shop use. The board will take the wool first and then sell the sheep to the highest bidder.

We promise not to keep you waiting!

Cutaways. Finest quality black and oxford worsted. Striped trousers. Silk hats. Patent Leathers. Grey gloves. Everything for bridegroom, best man and ushers.

Our Honeycombers' Trunk is a great favorite.

For traveling—"Scotch Mist" overcoats (rain-proofed). Handy whatever the weather.

Fall suits, hats, furnishings, shoes. Prices reasonable.

### CITY DONS COLORS OF JAPAN TO-DAY

Envoys to Arrive Amid Chrysanthemums and Nippon Flags.

### OLD 69TH FOR ESCORT

Mayor and Gary Ready to Give Visitors First Taste of Big Welcome.

The Imperial Japanese Commission will come to New York to-day, for a three days stay and will receive such public manifestations of respect and welcome as have not been displayed since Marshal Joffre and then Arthur Balfour drove up Broadway between the cheering thousands.

The war mission from Nippon has been in the country several weeks, but its visit to this city has been postponed for one reason and another until the present time. Headed by Viscount Ishii, the visitors will spend three very busy days. A program almost as strenuous as that provided for the French and British commissions has been arranged for the Japanese.

The Japanese will arrive at the Battery this afternoon at 3:45 o'clock, approaching their official welcome here precisely as the French, British and other commissions approached theirs. They will be received by a citizens' committee of which E. H. Gary will be chairman and which will include hundreds of the best known business and professional men in New York. The feature of the reception will be the presence at the Battery of the new 155th Regiment, of which the nucleus was the celebrated old Sixty-ninth. This regiment has had no opportunity so far of displaying itself to the public, and it was at Mayor Mitchell's special request that the War Department consented to order the regiment from Camp Mills to this city. Commanded by Col. Charles De Lano Hine and numbering 2,795 officers and men, the 155th will act as military escort for the Japanese.

It will be reviewed by the visitors as it marches up Fifth avenue at about 5 P. M.

Mayor Calls for Flags.

In honor of the commission Mayor Mitchell issued yesterday a proclamation stating the significance of the occasion and calling on all citizens to fly the colors of the United States and of Japan for the next three days. The proclamation read:

"The Island Empire, whose seclusion of three centuries was broken by the bearer of a letter from the President of the United States, sends us to-day a return message proclaiming its people as brothers in arms in the common cause of human freedom. One of the momentous events of the nineteenth century, the appearance of the fleet commanded by Commodore Perry in Japanese waters, finds thus its sequel in what will be reckoned not the least notable incident in the inspiring time in which we live."

"This visit of the representatives of our great Pacific neighbor and ally gives to the citizens of New York the occasion and opportunity to manifest that open hearted and cordial appreciation they feel of the message that comes to them from the Far East, and to express in becoming form their sense of the nobility of spirit and purpose of the Government of which our distinguished guests are the selected representatives."

"Wherefore, I, John Purroy Mitchell,

Homeward Journey.

WASHINGTON, Sept. 26.—Viscount Ishii, head of the Japanese mission, formally said good-by to President Wilson this afternoon and it is understood the mission soon will make preparations for its return to Japan, after paying a visit to New York beginning to-morrow.

No announcements have been made of what has resulted from the visit of the mission, other than that the conversations between Viscount Ishii and Secretary Lansing have made for better relations between the two countries.

\$20,000 Horses Lost in Fire.

CHATHAM, N. Y., Sept. 26.—Fire which destroyed the fifty-six stables on the Columbia county fair grounds this evening also burned nine high bred horses belonging to Louis P. Day and valued at \$20,000. There was no insurance on the horses. The buildings were insured for \$1,000.

"At Your Service" 1882-1917

Underground System

Beginning with less than fifteen miles of underground system, when the first Edison station, designed and erected personally by Mr Edison, on Pearl Street, in this City, was placed in operation in 1882, the people of Manhattan Island now receive their electric service through a comprehensive and interconnected system of electrical mains and feeders, all underground, exceeding fifteen hundred miles in their aggregate length

Few realize the high grade of technical and engineering skill and the enormous financial investment required in connection with the subway system of distributing electrical energy in this City. Perhaps as in no other way these conditions will be illustrated at the Electrical Show which will be held in the Grand Central Palace, October 10th to 20th

Whether for one lamp or a thousand or a hundred thousand lamps, or for electric motors, requiring but a part of a horsepower, to operate a fan or a sewing machine, to hundreds if not thousands of horsepower for the largest manufacturing installations, the service is gladly rendered, with unvarying courtesy and dependability, at the lowest price consistent with good service

### ASKS DRAFT DELAY FOR MARRIED MEN

Senator Calder Presents Republican Club's Plan to President Wilson.

### DELINQUENTS GO TO CAMP

New Contingent Starts to Upton to-morrow—Ruling on Rights of Aliens.

William M. Calder, United States Senator, and William S. Bennett, formerly a Representative in Congress, presented a petition to President Wilson yesterday, signed by the executive committee of the Republican Club of the Seventeenth Congressional district, urging that married men shall not be called for service in the National Army so long as there remains a sufficient number of unmarried men to meet the Government's needs.

Plans in the meantime went forward along for sending the third contingent of the local draft to Camp Upton to-morrow, Saturday and Sunday, and the arrangements for the fourth mobilization during the five days starting October 3 were put under way.

James Monahan, a Brooklyn delinquent on 125th avenue, was arrested at Freeport, Pa. He will either be turned over to the Federal authorities as a deserter or sent back to the camp if he happens to have a good excuse.

Two negroes who have been drafted in this city are not included in all of the calls so far, and orders are expected for their mobilization. They will be sent to Upton as a unit and held together in one command. They represent 3 per cent. of the total.

San Pat on Farewell Drinks.

Local boards were cautioned yesterday by the Adjutant-General of New York to keep their men together and not allow any of them before leaving for the camp to run off for a "farewell drink."

Gen. E. H. Crowder, Provost Marshal General, sent the following instructions to the local authorities regarding aliens who have not taken their first papers:

"The Department of State is receiving complaints from many of the embassies regarding the drafting of aliens who have not declared their intention to become citizens. Please caution local boards to be very careful to inform those who appear to be aliens of their right to file their claims for exemption. In cases where it appears that through ignorance aliens have failed to file a claim the boards should extend the time and reopen the cases as provided in the regulations."

Eleven men were sent to Camp Upton from the Seventy-first Regiment Armory yesterday. They belonged to the squad of delinquents who have been rounded up by the police and the military. One of the men was arrested yesterday and placed in Raymond street jail, Brooklyn, upon the charge of stealing an automobile. The military authorities notified the civil branch not to let the man out on bail but to hold him for the draft board.

Drills for Negro Recruits.

Capt. A. L. Boyce, U. S. R. who has been drilling draft recruits on Governor's Island, has called a meeting of negroes at the request of a drafted negro citizen at Public School No. 89, in 147th street, between Seventh and Eighth avenues, for Saturday evening at 8 o'clock, for the purpose of arranging drill classes at the

Island Monday, Wednesday and Friday nights. The men are to leave the Battery at 7:40 P. M. On Saturday and Sunday afternoons the negro classes will be drilled, and the men may leave the city on the 2 o'clock boat.

The white classes continue daily at 3:45 and 5:45 o'clock, and on Saturday and Sunday at 1:45 o'clock.

19 Injured in Trolley Crash.

Two trolley cars of the Mount Vernon line of the Tonawanda Railroad Company collided yesterday afternoon on a short stretch of single track in Dunwoodie, Tonawanda. Nineteen persons were injured. Motorman Frederick Tuchman

was taken to St. John's Hospital at Tonawanda, where his left foot was amputated. Alphonse Canorelli of 121 Sedgwick street, Tonawanda; Motorman J. H. Otman and Louis Zonick of 1831 First avenue, New York, were taken to St. Joseph's Hospital. They were not injured.
